Subject: Outsourced Alpha Product Code 392240

Dear Valued Customer,

At Alpha Wire, a connected Belden brand, your confidence and satisfaction are paramount. It is sometimes necessary for Alpha Wire to outsource the manufacturing of an item to meet customer demands. Although the product is not manufactured at an Alpha Wire facility, it is manufactured to Alpha Wire Technical Standards and is subject to Alpha Wire Incoming Inspection prior to its release to inventory and customers. The product may not carry the Alpha Name although it will be packaged to Alpha Wire packaging requirements. As such, the product will carry the manufacturer's name and/or certifying agency registration mark(s).

Alpha Wire warrants the product as to the workmanship in the unlikely event of a product problem. In this case, the customer would only need to contact Alpha Wire for resolution.

Should you have any questions, please feel free to contact your Belden representative or channel partner.

Sincerely,

A handwritten signature in cursive script that reads "Julie Harnishfeger".
